The best way to communicate with me: He communicates verbally and via text. Listen carefully to understand what he is saying. If you have a hard time understanding what he says, he will type it out on his iPad or his cell phone.

Things I like to do: Expanding his woodworking business, providing high quality woodworking products to his customers

Things I need help with:

- Assistance with woodworking tasks that require fine dexterity.
 - o Example: Staining the small grooves thoroughly in his products to ensure even coverage.
 - o Example: Chiseling small areas of wood products to the desired look.
- Needs someone who will follow his instructions and the expectations he has for his products.
- Needs someone who has a willingness to learn and is open to try new things.
- Prefers someone with woodworking knowledge and skills.
