

What is STABLE?

- A STABLE Account is an investment account that allows qualified individuals with disabilities to **save and invest money without losing eligibility** for certain public benefit programs, like Medicaid or SSI.
- STABLE Accounts are made possible by the federal Achieving a Better Life Experience “ABLE” Act passed by Congress in 2014.
- STABLE Accounts, administered by the Ohio Treasurer’s Office, launched June 1, 2016. Ohio was the first state in the nation to launch an ABLE program.
- STABLE Accounts are similar to a 529 college savings account or 401(k) retirement plan and can work alongside Special Needs Trusts. They can also function like a regular checking account.

What are the Benefits?

- STABLE Accounts provide financial independence and empowerment for individuals with disabilities by dramatically increasing the ability to save and invest.
- Before, individuals with disabilities could only save \$2,000 before losing needs-based benefits.
- Now, STABLE Accounts allows individuals with disabilities to **save and invest up to \$16,000** annually without affecting eligibility for certain public benefits programs.
- Account funds can be used on Qualified Disability Expenses including: education, housing, transportation, healthcare, assistive technology, employment needs and basic living expenses.
- Earnings on a STABLE Account grow tax-free and are not subject to federal income tax, so long as they are spent on Qualified Disability Expenses.

Who is Eligible?

- An “Eligible Individual” is someone whose disability began before the age of 26, has been living with their disability for at least one year, or expects their disability to last for at least a year.
- An individual must also do one of the following: 1. Be eligible for SSI or SSDI; 2. Have a condition listed on the Social Security Administration’s List of Compassionate Allowances Conditions; or 3. Self-Certify their diagnosis.
